

SPLICES LIKE PLASTIC PERFORMS LIKE METAL

OMNI-GRID® 360 & OMNI-PRO® ARE AS EASY TO SPLICE AS PLASTIC BELTS

Ashworth's **Rapid Splice®** technology makes metal belt splicing faster, safer, and easier than ever—no welding required. Available on Omni-Grid® 360 and Omni-Pro® belts, **Rapid Splice®** offers the strength of metal with the simplicity of plastic belting.

- Quick, easy splicing
- Reduced risk of splice failure
- Tested to 100,000 cycles for proven durability
- Minimizes downtime and boosts efficiency
